

Let's put something in bold. Here it is: **BOLD**

Now something in italics. Here it is: *ITALICS*

We can underline words. Let's underline an entire sentence.

To force L^AT_EX to do a carriage return we use double backslash.

Here's a
short
sentence.

Note I had three blank lines above.

Here is the man idea.
It's important!

We can create a bulleted list using the itemize environment.

- Monday
 1. Math 340
 2. Math 256
- Tuesday
- Wednesday
 1. Math 340
 2. Math 256
- Thursday
- Friday
 1. Math 340
 2. Math 256
- Saturday
- Sunday

We can create a numbered list using enumerate.

1. Monday
2. Tuesday
3. Wednesday
4. Thursday
5. Friday
6. Saturday
7. Sunday

Definition 1 (Frog) *Little green creature with four legs and a croak.*
